

First announcement

EUROMBRA WORKSHOP 11-12 July 2006

Bio-fouling in membrane systems

Venue: NTNU – Norwegian University of Science and Technology, Trondheim, Norway

AMEDEUS and **EUROMBRA** constitute the European cluster **MBR-Network**. The two consortia are two Specific Targeted Research Projects supported by the European Commission under the Sixth Framework Programme (Priority “Global Change and Ecosystems”) - duration: 01/10/2005 -30/09/2008. The focus of research in this cluster is the development of membrane bioreactor (MBR) technology for the treatment of municipal wastewater.

One of the activities of the **MBR-network** is to promote communication and exchange of MBR-competence within Europe and the worldwide MBR-community, and contribute to developing contacts to a large group of international MBR professionals and experts. **EUROMBRA** is therefore hosting the first MBR-Network Workshop – *Bio-fouling in membrane systems*, Trondheim, Norway, 11-12 July 2006.

NTNU, Trondheim

Scope:

The workshop will provide a forum for the MBR-Network partners as well as contacts and experts from the global membrane community working with bio-fouling in membrane systems. The Workshop will be organized as a scientific discussion and exchange forum, where discussions will be initiated by invited researchers to present central aspects and issues related to the workshop topic.

MBR-Network desires to promote and encourage student work and studies within the activities of the cluster. Student contributions related to on going studies/research on bio-fouling are therefore highly appreciated.

Organized by:

Hosted by:

Department of Hydraulic
and Environmental Engineering

Call for contributions:

Participants currently working on aspects of the workshop topic and who wish to present their recent findings are encouraged to submit an abstract.

*Submission deadline: **15 May 2006***

- Abstracts of maximum 1 A4 page should be submitted to torove.leiknes@ntnu.no
- Notification on acceptance and tentative program will be by beginning of June
- Presentations should be short and inspire to open discussions on the topic

Registration:

The participants are asked to register by **15 May 2006** using the contact email torove.leiknes@ntnu.no.

Note:

10 July 2006 – EUROMBRA project meeting

13 July 2006 – Liaison / WP group meetings, MBR-train meeting

Registration fee:

The registration fee covers admission to the workshop, workshop proceedings and handout material, coffee breaks and lunches

Regular participant: EUR 100.00

Student participant: EUR 25.00 (Confirmation of student status necessary)

Accommodation:

Alternative accommodation options will be made available. In the registration message please indicate your preferred option and dates;

- 1. Regular hotel 2. Budget summer hotel 3 Apartment hotel
